

→ THE ESAC TRAINEE PROJECT 2015

ESA Student Placements at ESAC

Application deadline 12 January 2015

The European Space Astronomy Centre (ESAC), near Madrid, Spain, offers a wide range of student placements (traineeships) each year. Trainees contribute to missions such as ExoMars, Gaia, Herschel, Integral, Mars Express, Rosetta, SMOS, Space Situational Awareness, Venus Express and XMM-Newton, amongst others.

The main types of projects we offer are in astrophysics, engineering, scientific computing, IT and instrumentation. The traineeships have a duration of three to six months and applicants should be in their final few years of an undergraduate degree or Master's degree. Go to trainees.esac.esa.int to apply and view the projects on offer in 2015.
